

Pitch Stichting Zeldzame Huisdierrassen

Update for SAVE – 2025

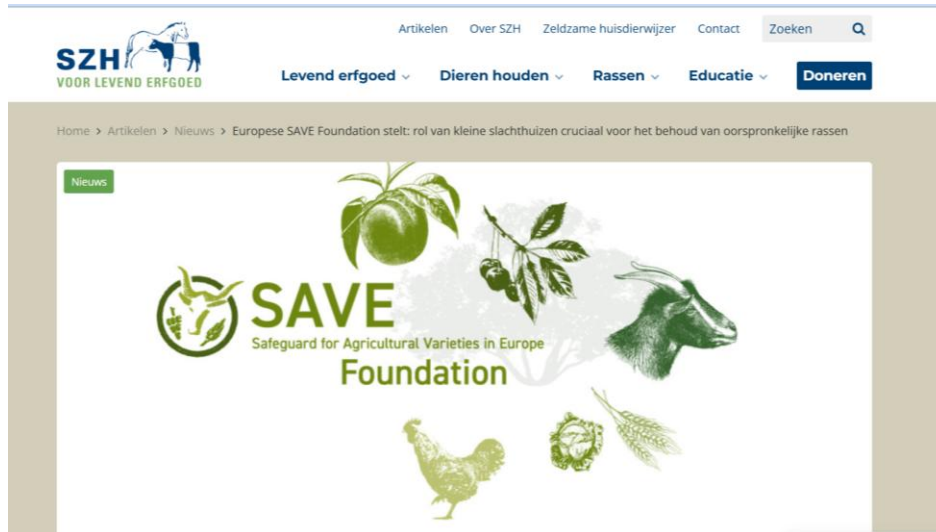

Why the SAVE network
is important for SZH

SZH

- > Over 90 breeds to take care for
- > Find biggest challenges of breeding organisations and their breeders and support them on common topics
- > Look for chances to stimulate sustainable use
- > Protect the rare breeds from extinction, for example in case of diseases.
- > Find ways to promote the rare breeds at potential new breeders

Rare breeds and extensive farming

**The European SAVE Foundation states:
the role of small slaughterhouses is crucial
for the preservation of heritage breeds.**

Vereniging van Zelfslachtende Slagers

HERENBOEREN
SAMEN DUURZAAM VOEDSEL PRODUCEREN

Rare breeds and subsidies

- For Cattle, Sheep and Goats -> European subsidy: Common Agricultural Policy (CAP 2023-2027) : €3 million of premiums
- SZH : supports ministry and farmers
- CGN : monitoring and technical support statutory government task
- Sources of our existence - conservation and sustainable use of genetic diversity (2002->update in 2025)
- How can we get subsidies for Horses? Pigs? Chickens?
- Possibilities to support breeding organizations with EU funding?

SZH and SAVE

- Exchange best practices on breeding and valorisation rare breeds
- Work together to find ways to protect or stimulate use of rare breeds in EU regulation
- Exchange possibilities in implementation of EU regulation on national level (and exeptions on rare breeds)
- Strengthen the network
- SZH can contribute as a Member, as Boardmember and play an supportive rol as secretary of the network (support BoD, help to set up agenda's, support in communication and in the organization of the annual meetings
- SZH contribution in finances: now 50 euro per year.
Possible: 500 euro per year
